„Sustainable Partner“

has been certified in the independent and transparent Sustainable Berlin Audit
in the sector _____ as a **Sustainable Partner** in the category _____

The basis for the audit is a comprehensive, process-oriented catalogue of 65 criteria, which was developed in in-depth processes together with experts and representatives of the industry. The criteria catalogue is based on recognised frameworks and holds the international distinction “GSTC recognised”, as it has been recognised by the global umbrella organisation for sustainability standards in tourism - Global Sustainable Tourism Council. This is not a check list, but a sophisticated sustainability management system, which makes it possible to enshrine and also further develop corporate sustainability as well as a continuous improvement process.

Sustainability performance was reviewed in the following four areas:

- Governance, Risk & Compliance
- Economy
- Environment
- Society
